

Mission

Healthcare - "Accurate Advanced Affordable"

To provide multi-disciplinary and quality healthcare at an affordable cost in a personalised and professional manner, at par with international standards of excellence.

Vision

Growth: We believe in consistent, long term growth and development. It is said- "Success is a journey, not a destination." So we strive towards greater and greater growth- and shift the goals higher and higher. Our strong foundation lies in our attempt to provide long term growth (not short term gains) and this is the key to our flourishing success.

Ashok Laboratory envisages itself as a leader in future in the medical field.

A 35-bedded nursing home is to come up in Jodhpur Park, and they are on the lookout for a 30-40 kathas of land for a 200 bedded Multi speciality hospital in Kolkata.

A separate molecular diagnostics unit is proposed to be opened to stay ahead in the cutting edge technology field of medical diagnostics.

Further PPP agreements are in the offing. Baruipur will be the next centre.

The group tries to deliver the most accurate results done by most advanced methods at most affordable rates.

Values

Service - They try to anticipate & meet the needs of their patients, doctors & employees

Patient First - They strive to deliver the best to every patient every day. The patient is the first priority in everything they do

Integrity - They communicate openly and honestly, build trust and conduct ourselves according to the highest ethical standards

Respect - They treat each individual, those they serve and those with whom they work, with the highest professionalism and dignity

Innovation - They embrace change and work to improve all they do in a fiscally responsible manner

Teamwork - System effectiveness is built on collective strength and cultural diversity of everyone, working with open communication and mutual respect
